

CHICAGO POLICE CALLED 'ROTTEN'

Grand Jury Flays Officers Election Disorders

Fourteen Persons Indicted Result of Violence

Corrective Measures Urged as Immediate Need

Chicago, Aug. 31. (AP)—The April primary election campaign launched by bombs, accelerated violence and capped by murder, has left an ugly smear across the Chicago police department today.

The special grand jury, headed by Judge John C. Cook, indicted fourteen persons, charged with crimes that grew out of the election campaign, returned a report which said the police department is "rotten to the core."

EXPLANATION MADE
Frank J. Loesch, representing the Attorney-General in the grand jury investigation, explained that the report is not to the department now constituted, but as it was under the regime of Commissioner "Boss" Michael Hughes, who signed several warrants against the police.

"From the testimony heard at the evidence presented," the grand jury report said, "the utter disregard for the fulfillment of their duties by the police department is appalling and there is no question in the minds of the members of this jury that the police department is rotten to the core."

REMEDY NEEDED
Prosecutor Loesch pointed out that the grand jury report emphasized the need for corrective measures to be taken immediately, and that this is a matter for the present administration to handle.

Two policemen are named in the indictments. They are charged with conspiracy to violate personal liberty. Two former bailiffs were indicted on the same charge.

Another indictment charged Clarence De Lorne and others with conspiracy to steal a ballot. On April 16, last, the date of the primary election which the jury has been investigating. The other indictments, which named several persons previously indicted, charged assault with intent to murder negro poll watchers.

GAINES HANGED; STOIC TO LAST

Penalty Paid for Murder of Daughter Sylvia

Last-Minute Efforts to Save Him Prove Futile

Innocence Maintained and "Friend" Blamed

WALLA WALLA (Wash.) Aug. 31. (AP)—Wallace G. Gaines was hanged today at the State penitentiary here for the murder of his 22-year-old daughter Sylvia in Seattle two years ago. His last words were, "I am over with as quick as possible." Gaines stoically accepted his fate, and showed little emotion.

In a final statement made public through his wife Gaines again repeated his innocence, concluding with: "I do not forgive the friends who are the cause of taking an innocent man's life, and know that they will be made to suffer for the unjust punishment they have inflicted upon me. They will pay dearly for this outrage on earth and in the hereafter, for their sins will find them out."

Gaines was convicted August 19, 1926, after a sensational two-week trial, and the brutal slaying of his daughter on June 16 of that year. Subsequent appeals to the State Supreme Court and the United States circuit court failed to win him a reprieve.

BROTHER LEADS FIGHT
Headstrongly fighting against the execution of his brother, Gaines' brother, William, who had refused to make any comment on the many petitions submitted to him asking for clemency.

Gaines' brother made an eleven-hour attempt to have the execution stay, but was refused. He then appealed for a writ of habeas corpus in the United States District Court of Spokane yesterday on the grounds that the execution was the work of his political enemies.

Telegrams late last night to Gov. Harley in Seattle from both Mrs. Gaines and the former commissioner still were waiting to be delivered when the condemned man walked to his death. The telegraph company was unable to locate the executive, who had refused to make any comment on the many petitions submitted to him asking for clemency.

MAIL DELIVERED AFTER DECADE

Wisconsin Veteran Finally Gets Package Sent to Him in France

NEEHAN (Wis.) Aug. 31. (Exclusive)—Ten years ago relatives of A. K. Kimberley of this city mailed to him in France, where he was serving with the American Army, a package containing cigarettes, tobacco and candy.

Yesterday the package was left on Mr. Kimberley's doorstep here unopened.

Postal officials say they had no record of the package having been delivered through the office here.

flanked on one side by a prison official and on the other by Frank Novak, prison evangelist, who attended him during the last night. "Gaines declared he was innocent up to the last moment," Novak is made to suffer for the unjust punishment they have inflicted upon me. They will pay dearly for this outrage on earth and in the hereafter, for their sins will find them out."

DRINKING REGRETTED
Later, Novak said, Gaines had told him "I am sorry I was drinking that night," but in the same breath denied that the crime was his. During the night Mrs. Gaines had appeared composed. When told it was rumored her husband had made a confession Mrs. Gaines merely smiled and said rumors were ridiculous, as her husband had no confession to make. She affirmed her belief in him to the last.

As the hour of the execution struck, Mrs. Gaines said "It's near the time, isn't it?" She wept quietly when told that it was all over.

William Gaines, on the other hand, was distraught, pacing the floor in an almost hysterical manner.

Fighting Starts in Chinese Rift

SHANGHAI, Aug. 31. (AP)—Reports from reliable sources in Canton say the breach with Chiang Kai-shek, representing the National government, has reached the hostility stage.

Fighting is reported to have broken out between troops of the two factions in the southern part of Kiangsi Province.

Observers believe that unless these hostilities are quelled quickly they are destined to result in an uprising of radicals in Canton and overthrow of the government there.

The Canton authorities have arrested 500 agitators since the 21st inst.

LAW ACTS SWIFTLY ON ASSERTED SLAYER

SACRAMENTO, Aug. 31. (AP)—Within one hour's time today Percy Barnes, Sacramento slayer of four men, was declared to be sane by three local alienists sitting as a board of medical examiners, and was named defendant in two separate indictments charging murder in the first degree. The jury in one indictment charges Barnes with the murder of Clarence Muncy and Charles E. Curtis, and in the other charges him with slaying Leonard Oearhart and Charles Klein.

The reason advanced for returning two indictments is the fact that Barnes has admitted murdering Muncy and Curtis, but denies the killing of the other men.

SECRECY DENIED IN NAVAL PACT

Paris Minister Explains His Government's Stand

Washington Agreement in No Way Affected

(Copyright, 1928, by the Chicago Tribune)
PARIS, Aug. 31. (Exclusive)—The much-disputed Franco-British naval compromise contains absolutely nothing which is not open, clear, and above board, according to an interview with Georges Leygues, Minister of Marine, which Stephane Lausanne published in his newspaper, Le Matin, today.

Moreover, the complete text of the document has been in the hands of the Washington, Tokio and Rome governments for more than a week, according to the Minister, and they will be able to study the agreement at their leisure before it is made public in the near future.

DENIALS CATEGORICAL
M. Leygues answers categorically in the negative three questions put by the editor:

"Is it true that the accord contains secret clauses?"
"Is it true that it contains an understanding leading to eventual military and naval collaboration between France and England?"
"Is it true that it indirectly attempts to undermine the Washington agreement of 1921?"

The Washington accord, which, incidentally, only applies to capital ships and airplane carriers, will be observed to the letter to the last minute of the last day it applies, asserted the Minister of Marine.

"I defy anybody to find anything in our agreement with Great Britain which is not open, clear, and above board." The Minister, however, refused to be drawn out beyond this statement, declaring, "For the moment that is all I am able to say."

According to M. Lausanne, talk about the compromise has raised a tempest in a teacup when the whole matter is simply this:

TEMPEST IN TEACUP
"For many years the two countries have been discussing the question of the tonnage of cruisers and submarines. One day the French delegates at the Geneva disarmament commission whispered a proposition to Vice-Admiral William Archibald Kelly, who is the delegate of the British admiralty. The latter transmitted the proposition to his superiors who immediately agreed, while M. Leygues put the matter before the French government. As soon as France found the project satisfactory a British delegate came to Paris and reached an agreement in twenty-four hours."

LIBERIA DENIES LOAN COERCION

President King Replies to Buell Statement

Government Not Involved in Firestone Deal

Cable Says Hoover Had No Part in Transaction

WASHINGTON, Aug. 31. (Exclusive)—Sweeping denial that the government of Liberia was coerced by any act or statement of either the State Department or Herbert Hoover, the Republican Presidential nominee, as Secretary of Commerce, to accept the proposal of Harvey S. Firestone for a rubber concession, was cabled to the State Department today by President C. B. D. King of the African republic.

The President's message expressed amazement at the charges voiced by Prof. R. D. Buell, during an address at Williamstown, Mass., Institute of Politics, a few days ago and declares that the "attempt to bring Liberia affairs into an unfavorable light asserted by the American press is a factor in the present political controversy is to be much regretted."

AMERICAN ADVISER
In his message the Liberian President reiterates that "neither directly or indirectly any influence brought to bear upon the government of Liberia by the Department of State or any other department or official of the United States compelling the granting of the Firestone concessions."

Firestone, in return for a ninety-year lease on 1,000,000 acres of land suitable for rubber production negotiated a \$5,000,000 loan for the Liberian government which agreed to allow American advisers to handle the financial affairs.

"In the negotiations between the government of Liberia and the Finance Corporation of America, there was no participation by the Department of State and the only reference in the agreement to the government of the United States is the provision for the designation by the President of the United States of a financial adviser. Up to the present effect of this loan in addition to stabilizing our finances, has been to give greater internal strength to the government of Liberia and to avert alien intervention in our domestic affairs upon grounds which imperialists usually advance for this purpose. The country generally is satisfied with the policy which has been pursued by the administration."

BRANDS UNTRUE
"Besides there would seem to be historical fitness in a financial project which links up Liberia with the United States. There have been crises in our relations with the French government growing out of undetermined frontiers but these have never been represented to us as a menace" by the United States Department of State, nor has the Firestone project represented to the government of Liberia by that department as the means by which the menace could be removed. On the contrary the money out of the hands of the Firestone scheme it was suggested that the United States Department of State took occasion formally to notify the government of Liberia that the administration was neither directly or indirectly behind Firestone. The statement of Prof. Buell that the scheme involves the control of Liberia by American officials is untrue and misleading."

BANDITS WAIT FOR ACTOR BUT ROB OTHER MAN

An automobile belonging to Charles (Buddy) Rogers, screen star, received a bullet hole through a fender and Howard Geer, Hollywood merchant, lost \$400 in a daring hold-up which occurred early yesterday morning in a garage adjoining the Patio Del Moro, 8231 Fountain avenue.

Geer narrowly escaped death at the hands of two gunmen when a revolver in the hands of one of them discharged when Geer struck the man on the point of the jaw. The bullet went through Geer's coat and then proceeded through the fender of Rogers' car.

The two bandits fled, one of them taking the money out of Geer's wallet as he ran. He tossed away the wallet and it was later recovered. Hollywood detectives who investigated the hold-up, believe the bandits lay in wait for Rogers.

The latter returned home at 11:30 p.m. Thursday night, while Geer drove into the garage at 2 a.m. yesterday.

Geer recently returned from Honolulu, where he conducted an automobile business.

SNODDY FACES DAMAGE SUIT
DETROIT, Aug. 31. (AP)—Ralph Snoddy of Los Angeles, speed-boat pilot, and James Talbot, Jr., wealthy oil operator, were made defendants in a \$100,000 damage suit filed here today by five persons as the result of an automobile accident last Sunday night near Mt. Clemens.

SKELETON BILLS Put Under Ban by Governor

SACRAMENTO, Aug. 31. (Exclusive)—Skeleton bills at the 1929 session of the Legislature were put under the ban today by Gov. Yutz. The executive announced that this form of measure, many of which contain only part of a title that means nothing, defeat the purpose of the divided session and will be vetoed.

"Skeleton bills," said the Governor, "which are introduced just to retain a place on the floor for the author, defeat the intent of the session. It is impossible for either the legislators or the public, during the constitutional recess of thirty days, to acquaint themselves with proposed legislation if bills are in skeleton form."

"Two years ago I appealed to the Legislature to refrain from introducing partially prepared bills, but the plea had little effect on some legislators. However, at the coming session I will not sign any bill that is first introduced in skeleton form. The practice must be stopped."

INCENDIARY AT WORK IN FOREST

Eight of Twenty-five Fires Declared Set

Lightning and Arson Keep Foresters Battling

Appeal Made for Rangers and Detectives

SAN FRANCISCO, Aug. 31. (Exclusive)—With firebugs as well as mountain electrical storms to contend with, Federal and State foresters were battling approximately twenty fires in preserves at sundown tonight. With the exception of an incendiary fire in the Klamath National Forest the rest of the conflagrations were under control, halted by frantic backfiring.

Of the twenty-five fires discovered since last Sunday, eight were believed to have been started by a "candle trap." An appeal was sent today to the United States Forest Preserve office here for two special investigators and two additional rangers by the workers in the Klamath region, who have headquarters in Yreka.

Four incendiary fires have been started in the Lassen National Forest within the last two days. So far the rangers have been unable to find clues definitely establishing the work of pyromaniacs, but the location of the fires, some distance from camping sites or roads, and the lack of electrical storms in the immediate vicinity has convinced the investigators that the conflagrations have been deliberately set.

The method used, the rangers reported, is believed to be a candle set in a pile of tinder. As the candle burns down its flame ignites the inflammable material after the firebug is given time to get out of the immediate vicinity.

Seventeen fires have started in the Lassen National Park since last Saturday. At that time an electrical storm burst on the park. All of them were halted after a few hours' fighting. Some of them smoldered unnoticed for several days and then burst out afresh.

NICARAGUA ELECTIONS TO BE DRY

Sale and Possession of Liquor Barred to Avert Trouble at Polls

MANAGUA (Nic.) Aug. 31. (AP)—To avert disturbances in connection with the Presidential elections November 4, next, sale and possession of distilled liquor will be prohibited throughout Nicaragua during the registration and voting period.

A decree to this effect has been approved by the National Election Board. The ruling will be enforced by the national military police.

The government has a monopoly of the "aguardiente" or native liquor supply and in previous times this was used freely in buying votes. The decree provides that all government distilleries and liquor warehouses are to be padlocked tomorrow and the keys deposited at the military police headquarters.

Possession of aguardiente is forbidden between September 17, next, and November 10 and purchase or sale of other distilled liquors is barred on each of the five registration days and election day and for twenty-four hours preceding and following these periods.

INFANT SMOKER CAN KEEP IT UP

Public Welfare Board Finds no Excuse to Interfere with 3-Year-Old

WASHINGTON, Aug. 31. (AP)—The smoking of cigars by 3-year-old Bobbie Quigley is no business of the Board of Public Welfare.

Bobbie, the son of Edward Quigley, smokes daily, but he does not inhale, and the family, after consulting a physician decided that if permitted to have his own way he soon will overcome the desire.

A welfare board official who visited the home reported all of the children, including Bobbie, are healthy youngsters and that there is no reason for interference in a family affair.

The youngster was given his first cigar by his father, who believed it would make him sick and stop his ceaseless importunities to be allowed to smoke. Instead he took readily to the weed.

SUPERIOR (Wia.) Aug. 31. (AP)—The import duty on sodium silico fluoride was increased today by President Coolidge to 35 per cent ad valorem, based upon the American selling price, from its previous figure of 25 per cent on the foreign market value.

In the proclamation announcing the tariff increase the Chief executive says that it was found that an increase of 50 per cent on the existing tariff would not equalize the cost of production in this country and in Denmark, America's chief competitor. The principal uses of sodium silico fluoride are as an ingredient in acid rinses in laundries, in the manufacture of iron enamels and in the production of opalescent glass. The domestic consumption of sodium silico fluoride amounts to about 5,000,000 pounds a year. Imports have ranged from about 2,000,000 to more than 5,000,000 pounds annually during the past four years.

VALLEY OPENS WAR OVER DAM

San Gabriel Property Owners Will Oppose Pasadena

Right to Throw Wall Across Canyon Questioned

Crown City Directors Given Notice of Battle

PASADENA, Aug. 31.—Formal notification that San Gabriel Valley property owners will oppose this city in its plan to erect a \$7,500,000 water storage dam in San Gabriel Canyon was received today by the Board of City Directors from R. M. R. George, president, and Fred C. Collins, secretary, of the San Gabriel Valley Protective Association.

The communication denies that Pasadena has any right to construct a dam or impound water derived from the San Gabriel River, and implies that the property owners through the association, will place legal obstacles in the path of this city's water project.

"You are further notified," recites the communication, "that if the county flood-control dam is built at the Forks site it will still be necessary that all waters which may be said dam during flood conditions, shall pass over said bed and wash for the same effect, and all other waters which may be released from said flood-control dam will be required to flow in said stream bed and wash for direct irrigation and domestic use, and for storage underground by infiltration and percolation in order to maintain the level of underground waters both above and below the narrows."

The association is advised that the right to have such storm waters as flow is vested in the users of underground waters, and, also, is appurtenant to lands riparian to said river, and has been clearly established by the Supreme Court of California.

Officer, Shot by Bandit, Able to Return Home

PASADENA, Aug. 31.—Assisted by his bride of less than two months, Motorcycle Officer Fred Walker, one of the best police officers in the city, was shot by a bandit who killed one of the officers and captured another following a ten-minute revolver and rifle duel. Today Walker, who was shot in the leg, walked unaided from the Pasadena Hospital. A bullet from one of the bandit's rifles grazed Walker's leg and lodged in his wind pipe.

Although he will spend the remaining period of his convalescence at home, he has been ordered to report each day for the next month at the office of Dr. J. H. Breyer to have his wound dressed.

Wilbur Hinton, who shot Walker, was killed by Traffic Officer Ralph Schadt, who put a bullet through the bandit's heart after the police car occupied by Hinton, Harrison and Walker, was put out of commission by the bandit's rifle fire.

Second Annual Presentation of San Pasqual Battle Play Begins Tomorrow

"Felicitia," an epic of North San Diego county romance and conquest, will be presented in second season tomorrow and Monday, and again Sunday and Monday, September 9 and 10. Performances start at 3 p.m. Above at right are two leading characters, Miss Mildred Voorhees as Felicitia, and David Henderson as Mr. Richard. At top left is an asserted authentic picture of the original Felicitia, taken well after she had passed the century mark, and from whose life the romance of the play is taken. At left below is granite boulder that marks spot where Kearney's men gave their lives in conquest of California in the Battle of San Pasqual, which battle forms the background for the pageant.

OAK KNOLL LINE OPENS OCTOBER 15

Clause in City Charter Causes Delay in Change of Trolley Routing

PASADENA, Aug. 31.—Oak Knoll street car service on North Lake street will be started October 15, according to present plans, which call for work on the installation of "troops" at the intersection of Colorado street and Lake avenue to be started within the next thirty days.

The "troops," or switches, are now being cast in Los Angeles, and will be finished about September 20, according to present plans.

The delay in starting actual routing of the cars north on Lake street is due to a clause in the city charter, which prohibits construction for thirty days after a franchise has been granted.

The Board of City Directors granted the Pacific Electric Company a franchise to operate on North Lake avenue on July 10, and no part of the construction could be started before the 10th inst.

SCOUTS PLAN FLAG-RAISING

Colors Will Fly First Time from Pole in Front of Pasadena City Hall on September 10

PASADENA, Aug. 31.—Boy Scouts, Troops will be in charge of the flag-raising ceremony on September 10, the first legal day after Admission Day, when flags will be flown for the first time from the new seventy-foot poles in front of the City Hall.

The presence of the Legion Drum Corps, the Firemen's Band, and a saluting squad, is expected to attract a large number of citizens to the Civic Plaza facing the flagpoles.

On each of the poles, a United States flag will be flown. Below one of these flags, a Pasadena city standard showing the crown, keys and civic coat of arms will be placed.

The pledge of allegiance will be led by Harry Howard, Eagle Scout of Troop No. 4. An unnamed speaker will make a short patriotic address.

BAKER QUILTS POST AT HUNTINGTON PARK

HUNTINGTON PARK, Aug. 31.—Thomas Baker, deputy constable of San Antonio township, has tendered his resignation to Constable Herman Eshward to become effective tomorrow, after which he will engage in other business. He has been doing police duty in the Goodyear tract for some time, and has been connected with the Constable's office for the past two years, having had Walnut Park territory during the first year of service.

NEW PRINCIPAL NAMED

REDLANDS, Aug. 31.—Miss Bertha M. Rogers, for ten years grade supervisor in the public schools at Joplinville, Wis., has been elected principal of the Kingsbury school and has accepted the position. Miss Rogers is at present in Los Angeles, on a charge of taking a course this summer at Columbia University, from which institution she holds a master's degree.

HEAVY DAMAGES IN AUTO CRASH ASKED

VENTURA, Aug. 31.—William Bagby of Santa Barbara brought suit for \$50,000 damages today for the death of his father, Dr. H. C. Bagby, Santa Barbara dentist, who was killed in an automobile accident at the overhead crossing on the Rincon October 1, 1927. J. P. Knapp, in charge of highway construction there at that time, is named defendant. William Bagby is the administrator of the estate of his father, who also left a widow, Mrs. Laura Bagby.

The complaint states that Dr. Bagby was driving along the Rincon with Harry Gentry at 4 a.m., when their car was wrecked by hitting a culvert which was unmarked by barriers or lights. The dentist suffered a fractured skull and died soon after. He was 67 years of age and capable of earning an annual income of \$15,000 at the time of his death. It is set forth.

LAUNDA BEACH, Aug. 31.—Fairlyland Woods, when "Robin Hood" is being presented by the Community Players here, was yesterday in Laguna Canyon.

The blaze was controlled after burning over only five or six acres, it was reported today.

LAWYER TESTIFIES ON CLIENT

Glendale Attorney Goes to Aid of Friend Up in Court on Forgery Charges and Finds His Own Name on Assorted Worthless Check in Evidence

GLENDAL, Aug. 31.—Attorney Bert P. Woodward appeared in a double role in Justice J. Russell Morton's court in Pasadena yesterday when he defended C. M. Johnson, Los Angeles, on a charge of forgery, and then took the witness stand and testified against his own client.

Woodward was asked by Johnson, in a telephone message from the Pasadena jail, to defend him because of his former acquaintance with Johnson. Dep. Dist. Atty. Heinicke introduced in evidence two checks asserted to have been forged by Johnson, both bearing the name of former Superior Judge J. Perry Woods. These two checks were specifically listed in the complaint, and then Heinicke went ahead to introduce other checks to support his case.

Down near the bottom of the pile he found a check that caused him to grin widely, and he announced that Attorney Woodward would be called to testify. When the attorney had been sworn in Heinicke asked him whether the signature on the check for \$35 was his own and Woodward readily denied that it was, casting a cold and venomous glance at his client as he did so.

After the chuckles of the court and the attendant had died down Woodward asked Johnson why he had used his name and the defendant replied:

"Well, Bert, I had no money and you were the only friend I could think of around here to defend me. Besides, I didn't know they had that check."

WATER THREAT REVIVES WOMAN

EL MONTE, Aug. 31.—Chief of Police Lester Burdick today faulted as a first-class revival of fainting women when Mrs. Katy Gordomsky, while being arraigned on a charge of disturbing the peace, dove off of her seat to the floor.

A wink passed between Chief Burdick and Judge F. G. Wilson, and Burdick appeared with a pall of water, whereupon Mrs. Gordomsky revived immediately and leaped to her feet, before the cooling shower descended.

Judge Wilson thereupon read her a lecture and bound her over to keep the peace under a bond of \$300 pending trial next Friday. Mrs. Gordomsky and her husband were arrested last week on complaint of a neighboring potato grower who charged that the Gordomskys were diverting his irrigating water and had threatened him when he objected. At that time Judge Wilson fined Mrs. Gordomsky \$100, but suspended \$75 pending good behavior.

PASADENA CLEARINGS SHOW BIG INCREASE

PASADENA, Aug. 31.—Bank clearings for the year to date are more than \$9,000,000 in excess of the clearings for the same period in 1927, was revealed today when books of the Pasadena Clearing House Association were closed for the eighth-month period.

The 1928 total is \$240,373,218, as compared to \$231,373,218 for the first eight months of 1927, making the gain so far this year \$2,854,695. Total clearings for the month of August were \$24,865,474, slightly less than in August, 1927, when the clearings amounted to \$25,692,469.

EX-CHICAGO BANKER PASSES IN PASADENA

PASADENA, Aug. 31.—Jacob B. Brees, former Chicago banker, and resident of this city for the last twelve years, died early today at his home, 600 South Madison avenue. He was afflicted with many ills, including the Pasadena Athletic Club and the Overland Club. He had been in failing health ten years.

He leaves two sisters and several nieces and nephews in the East. The funeral arrangements will be announced by Turner & Stevens Co.

CHILD INQUEST TODAY

SANTA ANA, Aug. 31.—An inquest is scheduled at 10:30 a.m. tomorrow in the case of Stephen Harp, 4-year-old son of C. A. Harp, oil driller residing at 1225 West Sixth street. The child was killed when struck by an automobile driven by Mrs. S. J. Johnson, 1410 West Sixth street, Santa Ana, last night. Reports of the accident state that it was unavoidable.

LAUNDA BEACH, Aug. 31.—Fairlyland Woods, when "Robin Hood" is being presented by the Community Players here, was yesterday in Laguna Canyon.

The blaze was controlled after burning over only five or six acres, it was reported today.

PAIR LAND IN FLAMING PLANE

Army Flyers Bring Down Ship on Kellogg Airport

Extinguisher Put in Action as Craft Comes Down

Veteran Airmen Refuses to Escape by Jumping

POMONA, Aug. 31.—Col. William Thaw and Capt. John Morris, army aviators from Pittsburgh, Pa., upheld the traditions of the service yesterday afternoon by staying with their airplane, which burst into flames while coming over the Kellogg airport, just west of this city, and bringing the ship to earth in time to prevent complete destruction.

The two veteran army flyers were on their way to San Diego from March Field, Riverside. Col. Thaw was piloting the plane when it caught fire, sending the danger. Thaw threw the plane into a side-slip while Capt. Thomas grabbed a fire extinguisher and fought the flames. He exhausted one extinguisher and a part of a second by the time the ship was brought to the ground, where the two men succeeded in beating out the flames.

At the time of the fire they were at an altitude of 5000 feet and could easily have jumped and used their parachutes to bring them safely to the ground, but they refused to abandon their ship as long as there was a chance of saving it.

The plane was brought to a halt at an altitude of 1000 feet, and a repair crew from March field repaired the damaged machine and flew it back to its base.

CITY BOARD SENDS SOS TO MONROE

Pasadena Directors Must Get Quorum by Today or Tax Muddle May Result

PASADENA, Aug. 31.—Lacking a quorum to allow the Board of City Directors to pass the city tax bill on its second reading, the board considered sending a fast police car to pick up Director Irving S. Monroe at a Seal Beach fishing pier and race him to the City Hall.

Chairman Clayton R. Taylor pointed out to Directors Paul Merrill and Major Shupe, who also reported for today's postponed board meeting, that Pasadena may not have to pay their 1929 taxes unless the directors can gather a quorum together by tomorrow morning.

The tax bill must be passed on its second reading by the first Monday in September. As Monday is Labor Day, tomorrow is the last legal date on which the bill may be passed.

Directors R. L. Daugherty and James T. Jenkins are in the East. The other directors are in the city, but are not in the city hall today.

PLACENTIA, Aug. 31.—In spite of a punctured windpipe and a badly cut artery in his throat, 1-year-old Donald Worden, son of Mr. and Mrs. Rae Worden, was running about in the sunshine today apparently as though nothing had happened to him despite the fact that he is being X-rayed daily to ascertain whether a piece of the steel that is supposed to have done the damage is lodged some place in his throat.

While at play with a companion in the shop of the petroleum lease near here, Donald's playmate saw blood gush from the lad's throat. Hurrying him as best he could to a nearby home, the playmate met Mrs. Worden coming to the shop.

In a car that "never ran so slow" as the one that brought her to the scene, where a physician informed her that the fact that the wound closed of its own accord was the only reason the child had lived to get to town.

THIRTEEN PAY FINES FOR SLOT MACHINES

EL MONTE, Aug. 31.—Thirteen defendants arrested during a raid conducted by the District Attorney's flying squad at Monterey Park on the 16th inst., pleaded guilty in Judge F. G. Wilson's court this morning on charges of operating punchboards and slot machines and were fined \$25 each.

The defendants were Mrs. T. Kelley, Frank L. Orr, A. Blanchard, E. Morioka, B. A. Richards, E. Midelman, E. K. Childers, William F. Fox, Mrs. E. Fox, J. P. Williams, Mrs. E. B

AN DIEGO TO FIGHT SEWAGE

Test Filed Against Plan of El Cajon Disposal

Proximity to Proposed New Water Reservoir Cited

State Health Board Asked to Rehear Permit Request

EL CAJON, Aug. 31.—El Cajon is not permitted to dump effluent from a sewage disposal plant in the San Diego city reservoir, it was ruled today by the State Health Board.

The board's decision was based on the fact that the proposed plant is within two miles of the San Diego city reservoir, and that the effluent would be discharged into the reservoir.

CALIFORNIA FAIR TO OPEN TODAY

Thirty-nine Counties Have Products on Display

New Machinery Building to be Dedicated

Governor to be Speaker at Christening Exercises

SACRAMENTO, Aug. 31. (Exclusive)—California's annual State fair, representing the cream of the state's horticulture, agriculture and stock, will open tomorrow morning to run for eight days.

Thirty-nine of the fifty-eight counties will display their products, this being the largest number ever to exhibit.

The county displays are located in the large agricultural pavilion and the booths are artistically arranged and exceedingly attractive.

Many of the Southern California counties have installed exhibits unique in design but typically characteristic of California.

CHILDREN FREE TODAY

Tomorrow will be Children's Day, all youngsters under 14 years of age to be admitted free and the features of the program will be the dedication of the new \$100,000 machinery building and the spelling contest.

Gov. Young and R. A. Condee of Ohio, president of the fair board, will be the speakers at the dedication ceremonies, while Miss Lucy Young, the Governor's daughter, will christen the building with a little of water from the Colorado River.

SPELLERS CLASH TODAY

Eighty-eight of California's best spellers will compete in the spelling bee, the largest of its kind ever conducted in the West.

There will be a contest in the morning in which elementary school champions from fifty counties will participate, and one in the afternoon in which thirty-eight high school champions will clash.

In each class a first prize of \$200 will be awarded, second of \$100 and third of \$50, together with gold and silver medals.

The medals will be presented by Gov. Young on Monday afternoon. A spelling contest for adults will be conducted Tuesday morning.

Live stock judging will start tomorrow morning.

THAW EXTORTION Plot Disclosed

MAYOR BITTEN IN LEVY ROW

El Cerrito Official Nurses Sore Ear and Suspect Rents in Lock-up

EL CERRITO, Aug. 31. (AP)—Charged with biting the Mayor of this San Francisco Bay community on the ear, Andy Shevlin is in jail today and Mayor Lee, his purported victim, is under care of a physician.

Witnesses say the damage to the city official's ear took place in an altercation over protested paving assessments.

SANTA CLARA, Aug. 31. (Exclusive)—Father Ricard's weather forecast for September follows:

September 1, 2, 3, 4—Fair and comfortably warm, with light high fogs vanishing in the early hours of the forenoon, at some distance from the immediate coast. Persistent low pressure over Arizona.

September 5—An area of shallow-air pressure over British Columbia and Washington, causing light rain over there and some cloudiness over Oregon and California, with a slight change in the Arizona low, but otherwise fair.

September 6, 7, 8—Generally fair and not too warm, from Juneau to San Diego; light fogs in the morning.

RAIN EXPECTED

September 9, 11, 12—Extensive areas of low pressure settling over the northern coast and Arizona, with some rain in those regions; passing cloudiness in Oregon, Idaho, Nevada and California; pleasant warmth along the coast, with some discomfort in the interior, from Spokane to the southward into the great southwest. Same conditions covering September 10.

September 13—Nearly same conditions as herein above.

September 14—Another area of low pressure passing over the high northwest and Arizona, causing graduation of cloudiness over the general coast and possibly local rains and thunderstorms over mountainous districts.

September 15—Yet exposed to previous disturbances, but mostly fair with general warmth.

September 16, 17—Fair from Southern Alaska to Tia Juana; not very safe in the latter place.

September 18, 19—A cumulative area of low pressure entering by the usual route, i.e., British Columbia and Arizona, not materially disturbing fair conditions in California, Nevada and Oregon; some cloudiness and general warmth.

CLOUDY PERIOD

September 20, 21—A rise in air pressure restoring the status quo; morning coolness and light high fogs.

September 22—A recurrence of a July disturbance passing over the northern tier of States, evidenced in those parts by short-lived cloud formations.

September 23, 24—Mostly fair from Northern Oregon to Sonora, Mex.; clearing in British Columbia and Washington.

September 25, 26—A new disturbance of some energy affecting certain favored sections of the Pacific Slope, say South Alaska, Vancouver Island, Washington and Northeastern Arizona; light rains in those parts and possibly thunderstorms; passing cloudiness in Oregon, Idaho, Nevada and California.

September 27—Clearing over the disturbed area.

September 28—Another small depression following in the footsteps of the previous one and becoming one with it. Nothing expected from it except some transient clouds down our way and sprinkles along and back of its path.

September 29, 30—Generally fair and moderately warm.

N.B.—October disturbances on the 2, 5, 7, and 8.

ALL STATE DAMS Declared Safe

SAN FRANCISCO, Aug. 31. (AP)—The State Railroad Commission announced today that nearly every dam in California has been inspected and found in good condition since the St. Francis Dam disaster last winter.

The report said every private and municipal water company in the State asked the commission to send engineers to inspect their dams after the St. Francis Dam collapsed with loss of hundreds of lives.

SAFETY PURCHASED

VISALIA, Aug. 31. (AP)—Sol Sweet and H. J. Kelsey have purchased an airplane, which will be piloted by Kelsey in the National Air Races next month. Kelsey will also pilot the Baby Visalia monoplane in the contest between ships of the small-class.

CRUSADE STRENUOUS

"Wanted—Four women who have not found their ideal mate to drive to Los Angeles in a sedan, stopping en route. They must each have \$200. Address Box 162."

Does Miss Davis seem forward and bold? Then listen to what she says about that:

"You know," she confided to a reporter who saw her ad and sensed a story, "it has always seemed to me that the women who get the best men are a little bold. The nice, timid little women usually get the worst of it in marriage. Anyway, I decided that I would be a go-getter and get the right kind of a man, and have the wrong kind get me."

NO FLAPPER

Miss Davis is no longer what you might call a flapper. She is 32 years of age, but the picture of her that the Washington Post prints on the first page this morning reveals a decidedly attractive woman and gives strength to her assertion that she has had "plenty of chances."

IT AIN'T GONNA RAIN NO MORE

At Least, Not in September, Says Father Ricard

Few Disturbances Likely to Bring Fog, Though

Mostly Warm Weather Due Throughout Month

SANTA CLARA, Aug. 31. (Exclusive)—Father Ricard's weather forecast for September follows:

September 6, 7, 8—Generally fair and not too warm, from Juneau to San Diego; light fogs in the morning.

RAIN EXPECTED

September 9, 11, 12—Extensive areas of low pressure settling over the northern coast and Arizona, with some rain in those regions; passing cloudiness in Oregon, Idaho, Nevada and California; pleasant warmth along the coast, with some discomfort in the interior, from Spokane to the southward into the great southwest. Same conditions covering September 10.

September 13—Nearly same conditions as herein above.

September 14—Another area of low pressure passing over the high northwest and Arizona, causing graduation of cloudiness over the general coast and possibly local rains and thunderstorms over mountainous districts.

September 15—Yet exposed to previous disturbances, but mostly fair with general warmth.

September 16, 17—Fair from Southern Alaska to Tia Juana; not very safe in the latter place.

September 18, 19—A cumulative area of low pressure entering by the usual route, i.e., British Columbia and Arizona, not materially disturbing fair conditions in California, Nevada and Oregon; some cloudiness and general warmth.

CLOUDY PERIOD

September 20, 21—A rise in air pressure restoring the status quo; morning coolness and light high fogs.

September 22—A recurrence of a July disturbance passing over the northern tier of States, evidenced in those parts by short-lived cloud formations.

September 23, 24—Mostly fair from Northern Oregon to Sonora, Mex.; clearing in British Columbia and Washington.

September 25, 26—A new disturbance of some energy affecting certain favored sections of the Pacific Slope, say South Alaska, Vancouver Island, Washington and Northeastern Arizona; light rains in those parts and possibly thunderstorms; passing cloudiness in Oregon, Idaho, Nevada and California.

September 27—Clearing over the disturbed area.

September 28—Another small depression following in the footsteps of the previous one and becoming one with it. Nothing expected from it except some transient clouds down our way and sprinkles along and back of its path.

September 29, 30—Generally fair and moderately warm.

N.B.—October disturbances on the 2, 5, 7, and 8.

ALL STATE DAMS Declared Safe

SAN FRANCISCO, Aug. 31. (AP)—The State Railroad Commission announced today that nearly every dam in California has been inspected and found in good condition since the St. Francis Dam disaster last winter.

The report said every private and municipal water company in the State asked the commission to send engineers to inspect their dams after the St. Francis Dam collapsed with loss of hundreds of lives.

SAFETY PURCHASED

VISALIA, Aug. 31. (AP)—Sol Sweet and H. J. Kelsey have purchased an airplane, which will be piloted by Kelsey in the National Air Races next month. Kelsey will also pilot the Baby Visalia monoplane in the contest between ships of the small-class.

CRUSADE STRENUOUS

"Wanted—Four women who have not found their ideal mate to drive to Los Angeles in a sedan, stopping en route. They must each have \$200. Address Box 162."

Does Miss Davis seem forward and bold? Then listen to what she says about that:

"You know," she confided to a reporter who saw her ad and sensed a story, "it has always seemed to me that the women who get the best men are a little bold. The nice, timid little women usually get the worst of it in marriage. Anyway, I decided that I would be a go-getter and get the right kind of a man, and have the wrong kind get me."

NO FLAPPER

Miss Davis is no longer what you might call a flapper. She is 32 years of age, but the picture of her that the Washington Post prints on the first page this morning reveals a decidedly attractive woman and gives strength to her assertion that she has had "plenty of chances."

AMERICAN DOUBLES

Big Upset in No. 1 Play by Trimmer

BY WILLIAM BROOKLINE (Mass.) Aug. 31. Hennessey, young American D. greatest victories of their career crushed Henri Cochet and Jack Patterson, the Australian, who qualified yesterday.

Americans, heroes of the play in Italy in the challenge round Davis Cup matches, took the final round from the Frenchman in straight sets, 6-4, 6-1, 6-4, thereby winning a place in tomorrow's finals against Gerald Patterson and Jack Hawkes.

Lott and Hennessey played a great game yesterday but darkness came on when the match stood 6-4, 6-1, 6-4, and they had to play it over.

The Americans were in much better form this afternoon and a remarkable exhibition of nerve and defense teamwork used the volley and kill actively and their lobbing, especially against Brugnon, was winning.

French Unbeaten

After their earned points in the first set, the Americans gained the upper hand by the service of both of opponents. This setback apparently unnerved the French player in the second set both were steady. Due to Cochet's error the Americans not only broke Brugnon twice but through as well.

Servy Henri then started on Brugnon's side of the net. During the three sets Lott and Hennessey made no mistake to give Lott and Hennessey the set, 6-1.

Lott gave the Americans a game lead on his first set on page 4, column 3.

JOE DUNDEE IS RICHER BUT WISER

Gets \$7500 for Knockout by Thompson; Colored Boy Can't Fight Fields

CHICAGO, Aug. 31. (P)—Joe Dundee, still retaining, officially, at least, his world's welterweight championship, returned to his home in Baltimore, Md., tonight, \$7500 richer but wiser.

Joe Dundee, who defeated Larry French in a spectacular two-round victory last night, was thoroughly enjoying the sensation of his triumph.

The Los Angeles negro's victory proved to be costly, however, as he turned up with a damaged right hand today and will be forced to cancel a match with Jackie Fields in San Francisco September 17.

He intends to leave for the Coast Sunday for a rest before accepting any of the attractive offers flooding him.

Joe McMahon, matchmaker for Madison Square Garden, offered Thompson a match with Dundee with the title at stake to be decided the second week in October.

BEAVERS TRIP SHEIKS AGAIN

French Southpaws Portland to 7-to-5 Triumph

Ducks Clout Gordon Rhodes for Early Margin

Sacs Also Lose So Vittmen Keep League Lead

BY BOB RAY
Thanks to Marty Krug's ambitious Angels, Oscar Vitt and his Hollywood Stars still retain the undisputed position of first place in this hectic second-half race sponsored by Harry A. Williams. However, it's no fault of "Ray" Bill Rodgers' pepped-up Portland and gang that the Beavers are still leading the league. In fact, the Beavers defeated the Stars yesterday, 7 to 5, and made it three out of four from the stumbling Stars.

If the Angels hadn't trimmed Sacramento yesterday the Stars would have dropped into a tie for first place with the Solons, but it looks as though fate is trying to protect the Beavers' league-lead until they can snap out of their slump. To make matters even better, the Beavers also lost yesterday, and they still four games behind the Hollywoods.

SUBDUED BY SOUTHPAW
As on Thursday the Stars went down before southpaw pitching, Larry French officiating at the Vittmen's demise. French didn't have it half as easy as did his brother southpaw, Fred Orman, in Thursday's clash. In fact, there was one stage of the struggle when things looked mighty bad for French. That was in the eighth when the Stars put over their last two runs and had the tying markers on second and third with only one out, just waiting for a hit to knot the contest. However, Larry turned the crank and fanned them again, pinch-hitting for Mulcahy, to somewhat ease the seriousness of the situation.

That particular bit of effort evidently didn't offend French's Adams' apple to rise up in his throat because he had to go over and get a swig of water before he started pinning Tom Healey, who battled for Carlyle. The water proved just the thing Larry needed for he disposed of Healey on a roller to Woodling for the third out. At that, Woodling nearly threw the ball away but Keesey scooped the ball out of the dirt for a great stop to kill off the Hollywood rally. Had Keesey let that ball throw get by him both runners would have scored and the contest would have been tied.

Gordon Rhodes started on the mound for Hollywood but retired after the third, his wildness and ineffectiveness netting the Beavers a four-run lead before he was yanked. Phil Mulcahy yielded three more runs in his five innings of toil and then Dick McCabe blanked the Ducks in the ninth.

MULCAHY HITS HOMER
Ed Rose, with three singles, and Keesey and Bates, with a home run and double apiece, led the Portland attack. Keesey's homer came with one on in the third. Mulcahy (Continued on page 5, Column 4)

THOMPSON HAS BEEN WORKED UP INTO BIG FAVORITISM HERE, mainly because of the managerial element which laid him on the shelf nearly every time he threatened to become "hot." In San Francisco he became quite a sensation until unexpectedly beaten by Young Corbett. Then he went East.

His first local appearance of which I have any particular memory was one at Aslet Park when Tiger Flowers took a decision over Eddie Hoffman after nearly being knocked out. This was back in July of 1926, and Thompson stopped a little boy by the name of Harry Whybrow in the second round, a right to the chin and then a right to the stomach bringing a technical knockout in one of the preliminary bouts.

After Burket's double and Tolson's single had given the visitors a run in the fourth, the Senators

(Continued on page 5, Column 3)

passed, filling the bases. Hood walked forcing in Bigbee and that ended Crandall. Gould, relieving Crandall, struck out Schulmerich, walked Dittmar to force in Jones with the second run.

Sacramento came within one of tying the score in the eighth, but Dutch Hoffmann, recently sold to Chicago White Sox for \$25,000, fanned with the bases full, lunging at a ball that hit in front of the plate for the third strike. Osborn began on his fair shape until the eighth when he was succeeded by Pitt, the gentleman who made Hoffmann look like the veriest bush.

RABBIT PUNCHES

WHEN TIME COUNTS
IT'S FUNNY what a difference just a few hours make. The other day Jack Thompson was just Jack Thompson. Today he is rated as the greatest welterweight in the world. The Los Angeles chocolate flash's two-round knockout of Joe Dundee, the 147-pound king, put his name on the lip of every fight fan.

A few days before the Chicago bout in which Dundee was all but crushed a story came into The Times office for Sunday release. It gave Jack Johnson's opinion of Thompson. The former heavyweight king said the local boy is the best black prospect since the days of the original Joe Gans.

And immediately, after the fight, as if by prearrangement, every story that carried an account of Thompson's quick triumph had some reference to his Gans-like qualities.

The result makes Johnson's analysis of Thompson more interesting than usual. It will be printed in the sports section tomorrow.

TOO MANY COOKS
HOWEVER, Thompson's rise to fame has not been as meteoric as it seems. His ability has been known to local experts for a long time. But he has been held back by managerial troubles.

These are not the fault of the fighter but the fighter's father, it seems. Managing Jack Thompson means managing his father in addition. Several have tried it and been found wanting.

Tom Siskind, the man who really discovered Thompson, tried it for a while and couldn't succeed. He sold half an interest to Clyde Hudkins. Clyde gave up in disgust and agreed to sell his half interest back to Thompson's father. Only \$266 has been paid, according to Hudkins. Ray Alvis of Chicago then came into the picture, and it was under his direction that Thompson fought Dundee the other night.

THREE COMMISSIONS
THE Hudkins contract on Thompson has five years to run and is on file with the New York, Illinois and California boxing commissions. Clyde says he will raise the ante on the old man now that the terms of his agreement have not been met.

"Don't get too excited about that Thompson victory in Chicago," he said yesterday. "Remember that Eddie Roberts once kayoed Dundee in one round and Dundee later reversed the decision. Dundee will take Thompson in a return match for the title.

"Thompson isn't a great fighter. Young Corbett of Fresno has the Indian sign on him and will beat him any time they start. Jackie Fields will lick him when they meet in San Francisco September 17. Thompson is a front runner and he lacks courage."

WEIGHT JUGGLING?
HUDKINS was puzzled over the figures at the official weighing Wednesday—148½ for Thompson. It rained that night and the bout was postponed to Thursday, Thompson drying out to a little over 145 pounds by the night of the scrap. At this figure he would now be the bona-fide welterweight king of the universe, but the official weight carried over to the day of the postponement.

"Say," declared Hudkins, "Thompson never weighed 148½ with his clothes on when I had him. He hit 139½ when he kayoed Johnny Adams here seven months ago, and he scaled 140½ when he lost to Young Corbett in San Francisco."

PERFECT BALLYHOO
HOWEVER, the fact remains that inasmuch as Thompson weighed less than the welterweight limit on the night he appeared Dundee there is excellent opportunity by any or all of the black boy's managers to capitalize on the ballyhoo.

A championship match with Dundee should be a great gate attraction anywhere, particularly in this city. And the Fields match in the north the 17th inst. should be benefited by a 100 per cent larger turnout of the cash customers.

TWO YEARS AGO

EAST TRIUMPHS IN SLOOP RACE

Ace Leads Field to Finish Line at Newport Bay

Two Atlantic Coast Yachts Stage Thrilling Duel

Southland Boats Take Third and Fourth Places

BY EDWARD C. LAWRENCE
By a "Times" Staff Correspondent
NEWPORT HARBOR YACHT CLUB, Aug. 31.—Score one for the Atlantic Coast in the 1928 international star sloop championship.

Beam, a sloop, skippered by J. Graham Johnson's white-hulled sloop, Undine of the Chesapeake Bay Yacht Club, battled Edward V. Willis's gleaming black star boat, Ace, of the Port Washington Yacht Club 1928 international champion over the final two and one-half miles of choppy sea to the finish line.

Riding the crest of a breaker with the speed of a surf board, the Ace nosed out her rival by one second in the first race of a series of five for the championship of the world and the gold star trophy.

While Walton Hubbard, Jr.'s Tempe III, 1927 champion and defender of the Newport Harbor fleet, finished tenth, Southern California is still very much in the running for the championship with a third and fourth place. Drama worthy of fiction featured the showing of Judge R. H. Schauer's Movie Star II. Los Angeles Harbor champion, which took third place.

SCHAUER STRICKEN
Judge Schauer was taken seriously ill with appendicitis last night and turned over the Movie Star's stick to Eddie Fink, his crew. Eddie sailed a heady and brilliant race to beat out Joe Joseph's Windward of the San Diego Yacht Club, which finished fourth, two seconds ahead of William C. Atwater, Jr.'s Minx of the West Hampton Country Club, New York.

Seventeen star sloops, skippered by the world's foremost skippers in their class, faced the starting gun at 1:30.

The course, ten miles in length, with two beats and two runs, furnished a sport course for the trim twenty-two-foot craft.

Clustered around the weather mark, they were off in a bunch. Willis' Ace had all edge on the start well to windward with the fleet on her transom.

Tempe III, Windward, Movie Star II, Minx, Undine and Walter C. Woods' Ara of the Narragansett Bay fleet all got off to good starts. Beating up the coast, the Undine maintained her lead with the Movie Star II hanging a close second.

Windward, F. E. Edgington's Sparkler II of the New Orleans Gulf fleet, the Minx, and J. F. Watkins' Oksa of the Central Long Island Sound fleet.

CHICAGO GOLF CLUB, CHICAGO, Aug. 31. (P)—The Walker Cup, emblematic of international amateur golf supremacy, remains where it always has been—in the United States.

Paced and inspired by the brilliancy of its captain, the mighty Bobby Jones of Atlanta, America's Great Britain almost as mercifully in the singles matches today as it did in yesterday's two-ball four-somes, cruised to a 10 to 3 victory by 11 matches to 1.

It was by far the most overwhelming defeat yet suffered by the Britons, although they have never won the cup.

Only Charles "Chick" Evans of Chicago failed to come through to make it a grand slam. The "Chick" fought a brilliant up-hill battle, but his opponent, T. A. Torrance, who continually broke his spirit by sinking putts from ten to thirty feet, won by the slenderest of margins, 1 up.

JONES IS BEST
The honor of turning in the most lopsided victory naturally went to the impeccable Bobby, who trimmed T. P. Perkins, 13 and 12. The victory also gave Bobby the unofficial championship of the world, as both he and Perkins are king of the amateurs in their respective countries.

Bobby's golfing mate from Atlanta, Watts Gunn, had the next largest margin, defeating R. A. Hadden, 11 and 10.

This is how the other Americans and Britons finished their thirty-six-hole singles match today:

George Van Elan, Detroit, defeated Dr. William Tweedell, 1 and 18.

Devy Miller, one of the outstanding referees in the country, handled the main event and showed the local lads just how the job is done. Miller just missed out on being the third man in the ring with

and rights to the head. In the fifth round Charley opened a cut on Roper's head which bled quite freely. Ringriders gave Roper four rounds, Belanger four while two were even.

Giants Loss Eighth in Row; Cuba Vanquish Reds

PITTSBURGH, Aug. 31. (AP)—The Cardinals divided an exciting double-header with the Pirates before 20,000 fans at Forbes Field this afternoon, and so maintained their position six and one-half games ahead of the speeding Buccaneers, who rose to fourth place when the Reds lost to Chicago. The Pirates won by 6 to 5 in the opener, but the Cards reversed this decision by 6 to 2 in the nightcap.

The Pirates went into a virtual tie with the Giants in games, but trailed the New York entry in percentage because of having played and lost more games than McGraw's team.

Alexander and Kramer started the first game, but neither finished. Old Alex left the box after the Pirates had piled up six runs in five innings. Paul Waner's home run, with his brother Lloyd on base as a result of a single, gave the Bucs their last two runs.

A home run, Chick Hafey's twentieth of the season, sent Kramer following Alexander in the eighth. The Cardinals scored four in this round, falling just one short of a tie when Burleigh Grimes entered the box and stopped them. Rinehart finished for St. Louis.

Jesse Haines pitched impressive ball throughout the second game, while Fred Fussell was hit hard in the third and the eighth. Jim Bottomley collected his twenty-seventh home run in this contest. Scores: First game.

Johnny Riley Favorite to Annex Title
Johnny Riley, far Western diving champion, is being hailed as a favorite in the Pacific Coast high-tower diving championships at the Lake Norcalian Club on the 9th inst. Riley is a brother of Mickey Riley, the Los Angeles A.C. star, who placed second in the ten-foot spring-board and third in the high diving at the Olympic Games just concluded in Amsterdam.

Mentors at the Mercury Club say that Johnny is fast becoming a great diver as his more widely known brother, Mickey, who has just returned from abroad.

DAZZY DOES IT
NEW YORK, Aug. 31. (AP)—Dazzy Vance was in superb form today, and the Giants dropped the eighth straight, losing to Brooklyn by a score of 4 to 2. It was Vance's eighteenth victory. He allowed the Giants but six hits, two of which were broken up in the seventh for all the New York runs. These were Jackson's single and Reese's home run.

Flowers hit a homer for Brooklyn in the fourth. The Robins markers were scored one at a time in the second, third, fourth and fifth. Young Carl Hubbell and Jim Paulkner pitched for the Giants.

His iron and putter working to near perfection, Bobby didn't even give Perkins a look-in today. He bagged five birdies and went over on only three holes out of the twenty-four he was compelled to play. The rest, he clicked off in even par.

Finish Plans for Catalina Golf Tourney
William Wrigley, Jr., owner of the Chicago Cubs, the Los Angeles club, and "King" of Catalina Island, is turning his attention from baseball, for the moment, to golf. He will go East, September 4, for the finish of the major league season, but before going he announced that plans had been completed for the holding of a Catalina Island \$2500 open golf tournament, December 21, 22, 23, and that he was firmly convinced that this would be the winter's biggest tournament on a nine-hole course. Last year the Catalina Island Country Club course was remodeled by William B. Bell. The old sand greens were abolished and many of the holes were changed.

They had not made a better showing. "What's your alibi?" someone asked him. "What's an alibi, anyway?" he wanted to know.

As the American explained, he merely replied: "We were simply outplayed, that's all. There is no alibi."

surprised all concerned in the seventh when he poked a home into the bleachers with a man on.

Rhodes walked three and Tomlin hit a single in the Portland first and the final round, the run out of the meat. Bates fanned with the bases filled and Kerr threw out Westling to end the inning.

A single by Bates and Keeser's home run into the bleachers gave the Beavers two runs for the starter in the third. Doubles by Brasili and Bates brought in more runs before the inning ended.

A walk to Lee, after two were out, and singles by Smith and Rehg gave Hollywood its first run in the mixed play of the third.

Bates punched one of Mulcahy's offerings over the left-field wall in the fifth to give Portland a 5-to-3 lead. The final two runs scored in the seventh on Rose's infield hit. Keeser's bunt and Mulcahy's wild throw, Tomlin's hit and fielder's choice by Brasili.

service in the third set but Cochet, by playing most of Brugnon's court as well as his own, earned a victory in the next game. Hennessey had most difficulty holding his service and was within a point of being forced when he split the Frenchman with a placement. He then made an error and lost finally came to his assistance, a realist in getting near the net, which he cross-court and forced Brugnon to error.

FRENCH RALLY
This was the last French rally. Lott and Hennessey, sailed through their services, just before and after the French rally. They then burst through Cochet in the final game. With the set point at stake in this game, Brugnon encouraged his partner by making a beautiful kill, but Cochet misused and then ended the match by crashing a fast force and stroke back.

Helen Wills and Jack Hawkes had little trouble eliminating Majorie Merrill, Boston, and Jean Borotra, France, in one of the two semifinal matches in the national mixed doubles. Neither of the young women entered the play in the match.

Helen Wills handled the few strokes aimed in her direction in impressive fashion and won every one of her services, as did Hawkes. The victory placed them in the final round with Edith Cross, San Francisco, and E. F. Moon, Australia. The latter pair gained the title by defeating Mrs. F. I. Mallory, New York, and Jack Crawford, 2-6, 6-3, 6-3.

Lott and Hennessey were entered in the mixed play with Penelope Anderson, Richmond, Va., and Helen Jacobs, runner-up to Helen Wills in last week's national women's singles match, but they were forced to default their matches to play against the Frenchmen for the second time.

During the afternoon two other national tourneys were staged to the final rounds. In the father-and-son doubles play J. D. E. and Arnold Jones qualified for the title match by defeating H. E. and C. Wright. The other finalists, D. M. and Malcolm T. Hill, defeated A. Ingraham and A. Ingraham, Jr., 7-5, 6-3.

Dr. W. Rosenbaum and Fred Bagg, the top seeded pair, qualified for the veterans' doubles finals yesterday and the afternoon, H. O. Johnson and Irving C. Wright won the right to oppose them for the title by defeating H. V. Greenough and G. T. Putnam, 6-1, 3-6, 6-3.

WALBERG TWIRLS VICTORY
Boston Red Sox Lose to Philadelphia, 3 to 2, as Macks Cut Yank Lead to Two Games

PHILADELPHIA, Aug. 31. (AP)—The Athletics reduced the lead of the Yankees to two games by defeating the Boston Red Sox, 3 to 2, here today in a hard-fought game. George Walberg pitched for the Mackmen against Danny MacFayden and Pat Simmons.

Each team was held to four hits, but the Athletics won by bunching theirs in the sixth and seventh for all their runs. MacFayden held the Mackmen hitless for five rounds, permitting only three to reach base, and Simmons turned in one inning without hits after MacFayden gave way to a pinch batsman in the eighth.

Al Simmons broke the ice in the sixth with a double which brought Max Bishop home to score. Walberg made a wild throw on a sacrifice, but the Athletics came back with two in the home half to win.

MIX ACQUITTED IN QUICK TRIAL

Judge Wilson Pays Tribute to Film Cowboy

Court Declares Morrissey Drunk at Party

Entertainer Reprimanded as He Wise-Cracks

Finding Tom Mix, film cowboy, not guilty of battery at the conclusion of his trial yesterday, Municipal Judge Wilson declared that he was "surprised at the retiring character and disposition of the defendant," and that "Mix acted as any ordinary prudent, red-blooded man would have acted under the same circumstances."

Judge Wilson declared that he believes, from the evidence, that both Will Morrissey, night club singer and dancer, and his wife, Mildred Miller, were drunk at the party at the home of George Deban in Palmdale, Del Rey, on the 13th inst., and that Mix was not drunk. "I don't believe," said the court, "that Mix intentionally struck Mrs. Morrissey. He had the right to defend his honor, which he felt was being verbally attacked by Morrissey."

STEWARTS SCARCE
None of the members of the house party, it developed during the trial, was the fight start between Mix and Morrissey. The first round occurred on the stairway, according to the testimony, ending with Morrissey on his back and Mrs. Morrissey sitting on the stairway holding her blackened eye. A second round was fought just before Mix entered his car, several witnesses declared, and this also ended with Morrissey on the ground. All denied that Mix kicked Morrissey.

A brilliant array of film actors and prominent Los Angeles citizens paraded through the witness box at the direction of R. D. Knickerbocker, and Milton Cohen, defense attorneys, to testify to the good reputation of Mix. Among them were Dorothy Dwan, Mary Ann Carey, Monte Blue, George Deban, Phil Fox, Adela Rogers Hyland, Leo Carillo, who was a member of the party at Deban's home; Rex B. Goodell, Ben Frank, Irving H. Harris, Charles C. Blair and Andy Pruitt.

ONCE WAS SHERIFF
Pruitt testified that Mix had served under him as deputy sheriff of Montgomery county, Kansas, for some time and that the actor also served as deputy sheriff in Washington county, Oklahoma. Mrs. Hyland declared that she had written a biography of Mix, which was published in 1924. She testified that he has a reputation as being peaceful and that the only fight in which she knows of his being engaged were "in enforcing the prohibition law when he was a deputy sheriff in Oklahoma."

Mix on the stand declared that he has "not touched a drop of hard liquor in twelve years." He related the story of the fight which has been published in the newspapers, declaring that Morrissey himself hit Mrs. Morrissey in the eye with a wild swing, falling down an instant later from the effects of another blow which missed. He denied "putting the boots" to Morrissey and declared that he attempted to avoid a clash.

MORRISSEY'S STORY
Morrissey, the first witness called to the stand by Deputy City Prosecutor Margie, testified that Mix was the aggressor and that the actor kicked him after he was asked. Asked where he was kicked, Morrissey's wise-cracking reply: "On the top landing," drew a reprimand from the court.

Mrs. Morrissey declared that she attempted to hit Mix when he was kicking her husband and that he swung around and hit her. She testified that she had had only a couple of drinks of punch and that she "does not drink whiskey."

Replied to the stand in rebuttal after Mix testified that he had had only three or four drinks of punch, Mrs. Morrissey testified that she served the film cowboy with at least three Scotch highballs.

Mrs. Green, whose entire right side and limbs were affected, underwent several operations and remained in casts on a wheel chair for almost two years.

"She is being heard regularly as 'the girl baritone' over the broadcast programs of radio station KABC in Inglewood, and sings at numerous club and lodge entertainments in this city."

Replied to the stand in rebuttal after Mix testified that he had had only three or four drinks of punch, Mrs. Morrissey testified that she served the film cowboy with at least three Scotch highballs.

ONCE WAS SHERIFF
Pruitt testified that Mix had served under him as deputy sheriff of Montgomery county, Kansas, for some time and that the actor also served as deputy sheriff in Washington county, Oklahoma.

Mrs. Hyland declared that she had written a biography of Mix, which was published in 1924. She testified that he has a reputation as being peaceful and that the only fight in which she knows of his being engaged were "in enforcing the prohibition law when he was a deputy sheriff in Oklahoma."

Mix on the stand declared that he has "not touched a drop of hard liquor in twelve years."

He related the story of the fight which has been published in the newspapers, declaring that Morrissey himself hit Mrs. Morrissey in the eye with a wild swing, falling down an instant

later from the effects of another blow which missed. He denied "putting the boots" to Morrissey and declared that he attempted to avoid a clash.

MORRISSEY'S STORY
Morrissey, the first witness called to the stand by Deputy City Prosecutor Margie, testified that Mix was the aggressor and that the actor kicked him after he was asked.

Asked where he was kicked, Morrissey's wise-cracking reply: "On the top landing," drew a reprimand from the court.

Mrs. Morrissey declared that she attempted to hit Mix when he was kicking her husband and that he swung around and hit her.

She testified that she had had only a couple of drinks of punch and that she "does not drink whiskey."

GIRL SIGHTLESS; LIQUOR BLAMED

Film Extra in Hospital After Auto Ride and Drinks

Companion on Jaunt With Stranger Unscathed

Raid, Arrest and Seizure of Rum Supply Follows

Jane Buckmaster, 23 years of age, and her pal, Josephine Dewey, both film extras, who live at 1136 1-4

Lodi street, accepted an invitation Monday night from a man they did not know but had seen around Hollywood studios, to go for an auto

ride and stop in at a little place he knew where they could have a drink.

They had four or five drinks at 8715 Camerford street, one of which the stranger mixed himself, according to their story, and the next morning, after a night of sickness, Miss Buckmaster was blind.

Theodore Ray, 24 years old, was arrested last night by Detective Lieutenants Leslie, Washburn and Edwards at 8715 Camerford street, and later identified by Miss Dewey as the concocter of the drink.

He was taken into custody at 787 South Mariposa and was booked on suspicion of mayhem and violation of the Wright Act. He lives at 1529 1/2 North Mariposa and says he is a manufacturing druggist.

In his story to police, the man said the drink consisted of alcohol, water and rum. He said that it was about 30 per cent alcohol. "There was nothing wrong with it," he told officers. "I drank some myself yesterday morning the vice squad from Hollywood police station called at 8715 Camerford street and found a quantity of liquor, according to their report, and arrested John Hauschek, 30 years of age, on a Wright Act possession charge."

Miss Buckmaster was still in the General Hospital last night, suffering from the effects of liquor she had taken, but Miss Dewey was all right. She had had just as much of the liquor as Miss Buckmaster, she said. Central Station detectives, but had only sipped the concoction mixed by the stranger, while Miss Buckmaster had emptied her glass.

The liquor seized in yesterday morning's raid was being analyzed last night by the police chemist.

FAIR WILL END MONDAY NIGHT

court with representatives of twelve American Legion posts, twenty-nine tribes, the G. O. P., Spanish War Veterans, the United States Navy and the American Red Cross participating.

The B'nai B'rith society also will celebrate at the exposition Sunday afternoon at 1 o'clock and again at 6 o'clock.

UNIVERSITY DAY
Sunday will also be university day and Occidental College, University of Southern California, University of California, Loyola University, Pomona College, California Institute of Technology, Whittier and Chaffetz colleges will participate in the program, concluding with a vespers service in the outdoor theater at 4 o'clock.

The welcoming address for the day will be delivered by Reverend Father Joseph A. Sullivan, S. J., president of Loyola University. Other speakers will represent other institutions of the Southland.

Monday, the final day, will be replete with features. Italy day will be celebrated, as well as navy day, with a guest of honor and a parade of 600 officers and men of the Pacific fleet as visitors.

With full tribal ceremonies but without the scratch of a pen, representatives of nearly a score of American Indian tribes will rally to the annual exposition Sunday last Monday at the Pacific South-west Exposition Sunday at the outstanding feature of American Indian day.

Among the notable Indians who will participate are Chief Yowlachie of the Yakima tribe, Chief Mad Wolf of the Cheyennes, Chief Good Bear, Hopi; Chief Eagle, Potawatomi; Chief Flying Eagle, the Pimas; Chief Little Wolf, Plute, and Chief Clau of the Navajos.

Indians from many parts of the West have been invited to participate in the observance Sunday. Taptuka, a talented young Hopi, and Yowlachie will sing. Exposition visitors will be permitted to witness the ceremonies.

While returning home from a theater last night, W. C. Alexander, 71 years of age, a retired broker, and his wife, Mrs. Jessie Alexander, 58, were struck down and seriously injured by a hit-and-run driver at Gramercy street and Washington Boulevard.

Mr. Alexander is suffering from a skull fracture and his wife received several fractures and concussion of the brain. Both were treated at the Georgia-street Receiving Hospital and preparation was being made to remove them to a private hospital. A search was ordered for the reckless driver upon a number obtained from the machine.

The Alexanders live at 1839 South Gramercy.

ELIGIBILITY LIST STANDS

With approval of the Police Commission, the eligibility list for patrolmen in the police department has been continued for another year. The civil service board recently asked the commission whether the list should be dropped and a new examination for eligibles held. The action of the board is a move against such an examination.

Texas Guinan Will Be Feted at Night Club

"Welcome-home" celebration after all, and it will be in appropriate night-club surroundings, too. Yesterday was announced that the celebration is to be given tonight by Frank Sebastian at the Cotton Club, Culver City.

The official reception for Miss Guinan, who will be the guest of honor, will be given at the Cotton Club, Culver City, at 11 p.m. Monday night. The party will be given by Frank Sebastian at the Cotton Club, Culver City.

Dr. E. E. McNeil, copastor with Dr. Hugh K. Walker of the First Presbyterian Church, will preach at the church, Twenty-third and Figueroa streets, tomorrow morning on "At Sea Without the Pilot." At the evening at the Westlake building.

INJURED MAN'S CASE AGAINST PHYSICIAN FAILS

At the close of the plaintiff's testimony in the case of L. Krasney against Dr. George D. Ellis, now being heard in the Superior Court, Judge Ambrose, attorneys for the defendant made a motion for nonsuit which was granted.

Krasney, who was injured on February 11, 1927, he sustained a broken wrist and asked Dr. Wells to set it. The doctor set the broken bone, but failed to take an X-ray of it to ascertain if it had been properly set. Later, he asserted, inflammation set in and he had to have the wrist rebroken and reset.

According to Judge Ambrose, the plaintiff failed in his testimony to make out a case; hence, the dismissal of the action.

HONOLULU CAPITALIST VISITS HERE

Dillingham Family Now En Route to Europe for Children's Schooling

En route to Switzerland, where they will place their children in school, Mr. and Mrs. Walter P. Dillingham arrived here yesterday from their home in Honolulu, where Mr. Dillingham is a prominent capitalist.

Suffering from a mild type of blood poisoning for the last six weeks Mr. Dillingham was confined to his rooms last night at the Clark Hotel.

The Dillingham party will leave this morning at 8 o'clock from the Santa Fe station for the Grand Canyon and New York City. The family is scheduled to sail from New York on the 13th inst. to the Aquitania and will remain in Europe until after Christmas.

Two of the Dillingham children, Ben and Gaylord, will be placed in a school at Rolle, Switzerland, and a daughter, Betty, will go to school at Geneva, Switzerland. Mr. Dillingham said, Lowell, the eldest son, will attend the Middlesex school near Boston.

Charles Adams are accompanying the Dillinghams. The party arrived yesterday morning aboard the Lasco and was met by a party of friends at the Clark Hotel.

Resident being a polo player of international reputation, Mr. Dillingham is one of Hawaii's leading business men and has spent the major part of his life furthering the development of the islands. His contacts with Southern California.

gelist were being prepared, rumors of a settlement with the litigants were heard about the Hall of Justice. The litigants, however, yesterday asserted they are going to press their civil suits and also demand grand-jury action.

One of the features in the suits made public yesterday was a copy of the Four-square Crusader, a temple publication of October 28, 1927, in which both a story and an advertisement painted a picture of the future of the subdivision in terms that would do justice to a railway-finder advertising writer.

WHAT IT SAYS
"Warning to members of Angeles Temple of the Four-square Crusader. Don't let outsiders buy Lake Tahoe Cedars away from you. It is your priceless heritage. Buy choice lots in the subdivision before outsiders. As soon as outsiders get in you will pay tremendous prices."

Ada E. Wharton, in her suit, charges she paid \$2000 for lots later appraised at \$200.

A story in the same edition revealed the plaintiff's claim that she declared man were then clearing away timber for the erection of the Four-square Tabernacle. The church had been built.

"This is not a real estate proposition but a Christian colony," the news story concludes.

Division are maintaining a few doors north of the temple.

STATEMENT ISSUED
Yesterday Mrs. McPherson issued a formal statement which reads in part:

"I am still trying to find out who the people are that are in it, how they can possibly think that I had a part in them losing money, if they did."

"Until I am more familiar with the whole business, which I knew nothing about until the suit was filed, I hardly know what to say."

"To my knowledge I have never seen nor talked with the people who have complained. I know that before they filed their suits they did not even come to me and set forth any grievances."

"I am certainly well stay here with my people until this matter is cleared up to our satisfaction even though I must postpone my trip to Europe a few days."

SUSPECT IN GEM THEFT WINS DELAY

Fugitive Caught in R. Given Continuance Until Next Wednesday

William Sykes, accused of being a diamond thief, and recently arrested in Chicago after he had escaped his \$12,000 bond yesterday, was given a continuance until next Wednesday by Judge Friedman. The court granted the prisoner's request for a continuance until next Wednesday to prepare his plea.

At the same time Mrs. Otis Leach, charged by officers with having stolen a diamond ring from the home of Mrs. J. M. Cummins, 555 E. Washington, was arraigned before Judge Friedman. She was released on \$1000 bond upon recommendation of the District Attorney. Her preliminary hearing will be held today.

Mrs. Leach is specifically charged with five counts of assault with intent to commit murder, three counts of burglary, two counts of robbery, and two counts of violation of sections 104 and 105 of the Penal Code.

The Cummins robbery party held up April 12, 1927, and the same are alleged to have stolen a diamond ring from Mrs. Cummins. The ring was valued at \$10,000. Mrs. Leach is alleged to have been a guest at the party, and a witness to the robbery, but it is charged she aided in planning the robbery.

Since it was decided to prosecute Mrs. Leach and Sykes, the prosecution has met with numerous difficulties. The first came when Bill Rogers, a witness for the State, was seriously slain. Then Sykes dropped from sight and the trial was delayed three months until he was returned.

REYNOLDS RETURNS TO HOME SAFELY

Automobile Breakdown Quoted as Reason for Late Absence

Following receipt by his wife of a telegram from James J. Reynolds, Venus property owner and real estate dealer, reported missing last Sunday, Venus today was notified that he had returned to his home in the apartment.

At the apartment it was stated today that Reynolds, whose car was reported to have broken down on a trip in connection with a real estate transaction, had been held up in a garage where the automobile broke down. A young woman, according to the report, had agreed to telephone Reynolds that her husband was home as soon as he could get the car repaired, but this man had the address given by Reynolds.

Drink Blamed in Man's Death

Another Burial

One man is dead and another seriously injured as a result of a fight between two men, according to reports from the police. The fight took place in a rooming house on Broadway street, where a man named John Doe was killed and another man named Jack Smith was injured.

The police are investigating the case and have arrested several suspects. The man who was killed was found with multiple wounds, and the man who was injured is in a serious condition.

NOAH BEERY SIGNS
FOR LASKY FEATURE

For the first time since he acquired himself so splendidly in "Beau Geste," Noah Beery is once more signing with Paramount for a featured role.

Beery's play in "Four Feathers," the Cooper-Schoedsack special in which Richard Arlen and Fay Wray also are to figure.

The actor was to have appeared in Gotham's production of "Father and Son" and "The Joyous Villain," which Harold Shumate wrote for him, but he has canceled this engagement.

Beery also is to act in "Desert Love" under George Melford's direction as one of the P.B.O. specials for the coming season. This will be filmed immediately following "Four Feathers" from the A. E. W. Mason book.

Three Leaving First National
We were quite surprised to learn yesterday that three leading players of undoubted popularity, ability and achievement are leaving First National.

They are Larry Kent and Yola D'Avril. All these have filled leading parts in First National films as well as in the films of other studios.

But he has another picture to make before the McLaglen feature. That will be "Napoleon's Barber," and Ford at present is taking screen tests of players who resemble or may be made to resemble the little corporal.

Jack Ford's Big Special
Director Jack Ford, who has directed so many of our most successful features, has his hands full these days.

It is of course laying heavy plans for the making of "Capt. Jack," by Charles Francis Cox, in which Victor McLaglen will star. News that Ford would direct this one came to us yesterday.

But he has another picture to make before the McLaglen feature. That will be "Napoleon's Barber," and Ford at present is taking screen tests of players who resemble or may be made to resemble the little corporal.

Jane Novak in It
A very excellent actress and former star in the day of stars is returning to the screen, we hear. We mean Jane Novak.

According to a report reaching us yesterday, she will have one of the two leading feminine parts in Richard Dix's new starring picture, "Red-Headed Boy."

Brooks has the other lead. Miss Novak formerly was William Powell's leading lady in several of his western films. She also was engaged to marry him, but the engagement was broken. Afterward she played opposite Charles Ray and Robert Howarth.

Then she was started in Chester Bennett Productions, at which time she distinguished herself by some especially fine work. She went abroad to act in pictures a year or so ago.

Albert Vaughn With Tiffany-Stahl
When Tiffany-Stahl set about it to find a young actress to appear in Belle Bennett's new starring vehicle, "Queen of Burlesque," they left no stone unturned to find the most charming one available.

So what more natural than that they should sign Albert Vaughn, who has lately made a comeback in pictures following the intermission since she left F.B.O. That is exactly what they did yesterday.

Albert Vaughn
Albert Vaughn is producing the picture, which is to be one of the most important which Tiffany-Stahl is putting out this year.

Two With Fiske
Two important players were cast yesterday in big roles in Fiske pictures.

Robert Armstrong, who has been leading a large share of the Fiske lot of late, has been cast for the leading male role opposite Fuylla Hager in "The Shady Lady."

The other player is Albert Grant, one of the outstanding members of the new generation of character actors, who has been engaged for a featured role in "Geraldine," the Booth Tarkington story which Melville Brown will direct for Fiske.

John Barrymore's Narrow Escape
Warned by the roar of a glacial slide which swept down a mountain a short distance from where they were filming scenes for a motion picture, members of the John Barrymore-Ernest Lubitch company scrambled to safety just in time to escape a tragedy, according to telegraph advices received at the United Artists studio.

The near vicinity of the glacier were Director Lubitch, Barrymore and supporting players, including Camilla Horn, Victor Varconi and Mona Maris. They were working in the Canadian Rockies near Banff, at an elevation of 10,000 feet, shooting scenes for a feature called "King of the Mountains."

Kohner Europe Bound
Paul Kohner, who was recently appointed "Ambassador to Europe" for Universal by President Carl Laemmle, is now en route on the high seas aboard the Ile de France.

Kohner, according to a cable dispatch, will arrive in Cherbourg within the next few days and will establish his headquarters in Paris.

Los Angeles to be Air Center of Nation for Nine Days This Month

National Air Races and Aeronautical Exposition, Which Promises to be the Biggest Affair of Its Kind in Aviation History, opens at Mines Field here next Saturday with scores of prominent airmen and planes entered in the nine-day competition. The above map, drawn by Charles Hamilton Owens, Times staff artist, shows the routes of cross-country air races which terminate here. More than seventy flyers are entered in the four races, which include non-stop transcontinental race. Art Goebel and Harry Tucker, who recently established a new record for transcontinental flight, are entered in this event.

A Cloudburst in the Catskill Mountain Region of New York State resulted in flood waters which took a toll of three lives and caused heavy property damage. Several villages in the district were inundated and the residents forced to go about in boats. Here a canoe is pictured leading the way for tourists over a road. (P. & A. photo.)

A New Method For Thwarting Automobile Bandits Has Been Devised by an English inventor who believes every big company will some day safeguard its premises with his invention. An iron box, which is also a "stop" signal, shoots a spiked mat across the road by electrical control. It is guaranteed to ruin any kind of tire. (P. & A. photo.)

Jinx His Mascots—Tex Rankin, Portland flyer, recently reached New York in plane numbered "13" and carrying black cat. He's entered in air derby. (P. & A. photo.)

Gosh! Even the Fish Fly Nowadays—Raquel Torres and Josephine Dunn, both of whom are rather well known to flickering-film fans, are getting their first close-up of a flying fish in this camera shot. Neither had ever seen one of the aviating fishes before.

Men Trapped in Subs will be able to reach surface through use of device illustrated above, the recent invention of American naval officer. (A. P. photo.)

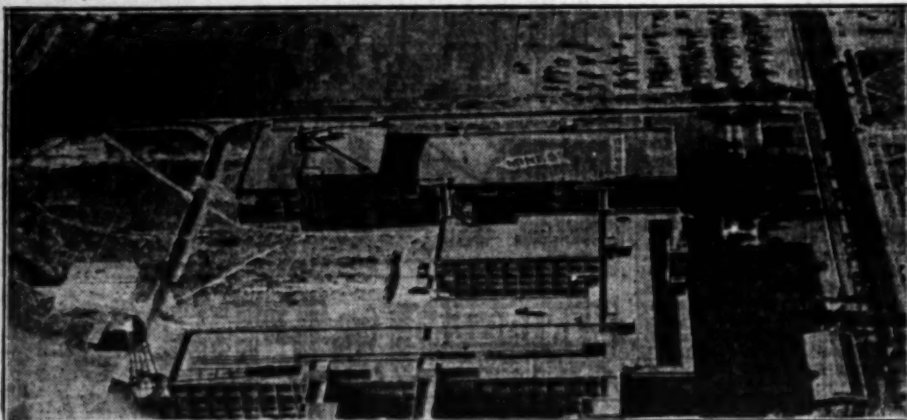

Her Book's Banned—The latest novel by Miss Radclyffe Hall, English authoress, will not be published on request of British Home Office. (P. & A. photo.)

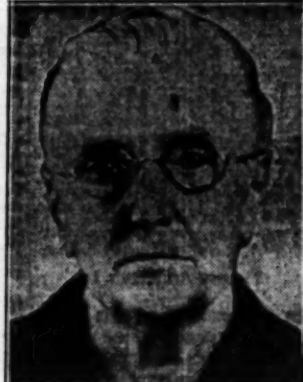

An Attractive Model for early fall is this one of black crushable velvet, topped off with a brimless hat and semivell of same color. (P. & A. photo.)

Yet Another Martyr—The bodies of Masel Merrill (above) and Edwin Ronne were recovered Thursday from wreckage of Lindbergh plane. (P. & A. photo.)

As An Aid to Visiting Airmen Seeking Our Municipal Airport, Mines Field, the Junior Chamber of Commerce in co-operation with manufacturers and merchants, is establishing a series of giant white arrows on the roofs of buildings, all pointing to the field. This photo shows the arrow on the roof of the Good-year Tire plant.

Only Original Daughter of the American Revolution, Mrs. Maria Storts Allen, 87, of New Lexington, O., is presented in above photograph. (P. & A. photo.)

Former British Premier Takes It Easy—The cameraman has caught Ramsay MacDonald enjoying a canoe ride on Lake of the Woods, Canada. The former British statesman is visiting in the northern province with his three daughters. (P. & A. photo.)

Between 15,000 and 20,000 Cases of Liquor are believed to be aboard the little British steamer Capman, which appeared twelve miles off the coast of Ensenada a few days ago, awaiting delivery here. A cutter is maintaining a vigilant watch.

SCURVY AND RICKETS

Scurvy and rickets are diseases commonly found in babies and children, that lead to serious retardation of their growth. Both of these diseases are caused by a deficiency of vitamin C.

SCURVY

Scurvy is caused by a lack of ascorbic acid (vitamin C). Ascorbic acid is destroyed by heat, and is usually found in fresh fruits and vegetables. Babies are fed exclusively on sterilized and malted milk, and are therefore liable to scurvy. A few cases have been found where pasteurized milk was used, and more rarely in babies fed on cow's milk.

Scurvy is a special form of vitamin deficiency disease. It usually appears between the sixth and twelfth months, and rarely before the second year. This disease causes severe pains in the joints, swelling of the limbs, and may cause bleeding from the gums. The limbs appear to be stiffly swollen and semiparalyzed. As the disease progresses, the child is unable to sit up, and the chest is spread to the upper arms. In the advanced stage, the child is unable to move, and the appearance of the face is shrunken and toward the back of the head.

There may be a puffiness of the eyelids and a fluctuating temperature. These babies usually have a general bloated appearance, accompanied by a clay-colored skin. This disease will not develop when the proper diet is followed, and it is the doctor's duty to see that the baby is properly fed. This disease does not develop when the diet is changed to raw cow's milk with additions of orange, lime or to the babies generally receive. They should be handled carefully because of the sensitiveness of their skin. They should sleep on a pillow.

RICKETS

This disease seems to be a lack of fat soluble vitamins, particularly vitamin D. It is found more commonly in large cities and in the districts of Europe and America, particularly among the children of the darker races. Scurvy rarely appears before the year of life or after the lack of sunlight is considered a major factor, but there are additional causes such as a deficiency of vitamin D, bad air, and unbalanced diet. The head gives the appearance of being larger than normal and usually a distinct puffiness of the face. The skin is flaccid and the joints appear enlarged. The child is thin and the abdomen is distended; the liver is enlarged.

This disease usually exists in a form that can be diagnosed, and the symptoms are resistance to active disturbances, and even cramps. The child is

SCURVY AND RICKETS

Heavy and rickets are disorders
found in babies and
children, that lead to serious defects
in their growth. Both of these dis-
orders seem to be caused by an un-
balanced diet.

SCURVY

is caused by a lack of
vitamin C. As this
vitamin is destroyed by heat, the
most usual cause of scurvy in babies
is the feeding of sterilized milk.
A few cases have been reported
where pasteurized milk
was used, and more rarely in breast-
feeding.

A child suffering from this dis-
order should be given short
baths daily, and the food must be
guaranteed carefully. No starchy food
should be used, but raw milk with
the cream, alternating with periods
of raw milk mixed with orange
juice is good, also about level table-
spoonful of the juice from grated
carrots daily.

QUESTIONS AND ANSWERS

Question: Mrs. D. asks: "What
causes a subnormal temperature of
one to two degrees below normal?
The temperature in the morning is
one below in the afternoon. My
blood pressure is low and I am cold
all the time. Will the doctor please
advise me of the different conditions?"

Answer: A subnormal tempera-
ture, with a low blood pressure,
shows that you are greatly ex-
hausted and require a very definite
course in physical culture to bring
your strength back to normal. Be-
sides regulating your diet carefully,
the one thought for you to keep in
mind, and to practice in principle,
is to increase your exercises each
day, both by taking calisthenic
exercises and by long walks.

Q: E. S. writes: "Will you kindly
advise as to the effect of raw
sauerkraut juice upon the system,
and whether or not you would re-
commend it for constipation?"

A: The effect of sauerkraut
juice is mostly to increase the ac-
tion of the intestines and therefore
it must be considered the same as
a laxative. Of course, the juice
from sauerkraut contains many
valuable organic minerals, but the
large amount of salt used in the
preparation of sauerkraut nullifies
much of the good effect which can
be more wholesomely secured from
plain raw cabbage.

Q: G. W. asks: "Will you kindly
tell me if an operation for a hernia
is necessary? If not, I would like
to know the best way of removing it."

A: An operation for hernia or
rupture is seldom necessary, as this
trouble can generally be cured
through developing the abdominal
muscles which, when well developed,
will hold back the protruding per-
itoneum wall. It is well to wear a
suitable support, which lightly
holds the rupture in place but
does not protrude into the weak
spot.

Warm Baths are Good For Tired
Little Folks

Haven't you often said, when you
were tired to the breaking point,
that you would be perfectly all right
as soon as you had a good hot
bath and a good night's sleep? And
you found you were, too, refreshed,
back at rest, irritable feelings gone,
ready to face the remainder of the day.

Children have less resistance than
adults and less ability to conserve
their energies. They romp and race
until they are ready to drop, and
still want to play. Who ever heard
of a child who voluntarily sat down
to rest?

The reasons we learn about our
own reactions ought to help us with
the children if we would only put
them into practice. When you find
yourself unable to keep a good cool
with the neighbor's children, yelling
and screaming hysterically, whining
for something to eat, or something
"more fun," you are dealing with a
tired child. If he isn't good, he isn't
tired. Give him a warm bath for her and bring
her in as if to a delightful treat.

Give her some "juicy" toys to play
with and she'll be ready to drop and
sleep. If you are kept on a shelf
and used only in such emergencies,
let her stay in for twenty minutes
and then half an hour in a warm
bath, the warmth of the water will
let down those frayed nerves. The
child will be rested and calm when
taken out.

An ideal time for this warm bath
is just before lunch. Children who
are allowed to play right up to the
moment lunch is served are in no
spirit to enjoy it. They don't want
to come in, they don't want to leave
their playthings, and they don't want
to eat. If you can get your child
into a warm bath just before lunch,
the relaxation of the warm bath plus
the proper mood to enjoy the lunch
will be a half hour of rest or sleep.

The small girl or boy starting into
kindergarten and third grade
activities and excitement will profit
immeasurably by having his bath
directly after school even if lunch
is put forward a half hour because
of it. Then he is ready for a rest
period and an afternoon of play.
Of course it takes time, if that
must be considered, but the child
will have to drop what they are doing
to attend to these things, but does
it take any longer than to try to
calm a crying child, or get your
work done under the constant
provocation of a whiny child who
can't and won't be pacified?

UTTER HEAD

San Francisco Picked for
1929 State Convention at
Sessions Here

Lawson P. Utter of Los Angeles
was elected president of the Califor-
nia Funeral Directors' Association
at the concluding session of the
twenty-fourth annual convention
at the Ambassador yesterday.

Other officers chosen are Lester
Westcott of Santa Cruz, first
vice-president; Arthur E. Cresce,
Highland Park, second vice-presi-
dent; Frank J. Monahan, San Fran-
cisco, secretary; Carl Lloyd of Por-
terville, treasurer; and Frank M.
Dickey of Vallejo, sergeant at arms.
Eugene L. Weber, retiring presi-
dent, was selected as delegate to the
national convention in Kansas City
October 15, next. San Francisco
was awarded the convention of the
California association for next year.

This meeting has been the most
successful in the history of the as-
sociation because of the addition of
115 new members and because of
the approval of action to regulate
the undertaking business by law in
a way which, if passed by the Leg-
islature, will place California in the
front rank of all States for high
standards in this profession," said
President Utter.

HEAVY FLOW

Santa Fe Official Tells of
Signs Pointing to Large
Winter Influx Here

Every incentive for a good winter
tourist travel to California is afford-
ed in the prosperous agricultural
States in the Middle West and
South, according to James B. Duffy,
general passenger agent of the Santa
Fe, who returned yesterday from a
trip which took him to all im-
portant travel centers as far east as
New York.

"Conditions are very promising for
a heavy winter business," said the
official, "and we are making prepa-
rations to meet this travel with im-
proved service in many respects,
which includes an expansion of the
Indian detour to embrace a much
larger territory in the land of an-
cient history and romance.

"There also is a larger number of
people stopping at the Grand Can-
yon—more than usual, and we ex-
pect this ratio to be kept up during
the winter. The tourist travel to
California is of a very fine class—
those who stay longer and spend
more money at the hotels and resorts.
This manifestly is more satisfactory
to the State, as many of these vis-
itors make investments and sooner
or later tie themselves up here in
a business or financial way and de-
cide to make their homes in Califor-
nia."

President Voices Views of
Railway Advertising Agent
Convention

Praise for Southern California
hospitality was given yesterday by
H. L. Weir, president of the Ameri-
can Association of Railway Adver-
tising Agents, who has been in the
Southland on a five-day official tour
with the members of his organi-
zation.

The delegation of advertising ex-
perts, who spend \$50,000,000 annu-
ally to exploit the twenty-four rail-
roads that represent in the United
States and Canada, arrived here
last Saturday as guests of the All-
Year Club and other organizations.
Before the party disbanded yester-
day they were guests of James
Woods and Charles Wilson for
luncheon at the Santa Barbara
Biltmore Hotel.

"We came, we saw and were con-
quered by the hospitality of your
citizens and the recreational, cli-
matic and scenic attractions of
Southern California," said Presi-
dent Weir. "We have enjoyed the
most delightful tour since the in-
ception of our international or-
ganization.

"On behalf of all our members I
wish to express our sincere ap-
preciation to the publishers of the Los
Angeles newspapers, the All-Year
Club and other who made it pos-
sible for us to have this wonder-
ful visit to the Southland. We are
greatly impressed with this mar-
velous section of the country, which
is destined to be one of the great-
est centers of the world."

Want to reduce pleasantly and
enjoy your meals at the same time?
Then "here's how"—Get in touch
this very day with Young's Market
Co., corner of 7th and Union and
tell them to deliver to you a loaf
of Bay Bread! You perhaps have
heard the whole town talking about
this splendid bread which takes the
pounds off as though by magic.
The simplicity of the thing is what
appeals to everyone—All you do is
eat a slice of this Bay Bread with
each meal. Remarkable, isn't it?
When you get your loaf ask that
a free descriptive circular be in-
closed—If you telephone your order

Tea helps—Always warm the tea
first by pouring in hot water a
few minutes before tea is made.
Use one teaspoonful of tea and one
cupful of boiling water to each per-
son, allowing one extra; pour hot
water on and let stand not
over three to five minutes. Never
use water which has been boiling
nor water already boiled.

So many of my eastern readers
have asked me why Charlotte Russe
isn't eaten out here . . . ap-
parently no one has a good recipe
for this delicious dessert which is
made in its perfection calls for
Guasti Sweet Port flavoring.
Guasti Sweet Port flavoring is
given to us by the Italian Vineyard
Co.—made entirely with all govern-
ment requirements so you may use
it with absolute confidence—know-
ing that it is as fine as can be
bought.

The following recipe you will find
in "Treasured Flavors," the free
recipe book which may be had by
writing to 1948 Palmetto St., Los
Angeles.

Charlotte Russe
One and one-fourth tablespoon-
fuls gelatin, one-fourth cupful cold
water, one-half cupful Guasti Sweet
Port Flavoring, one-half pint pastry
cream, lady fingers.

Soak gelatin in cold water five
minutes. Dissolve in hot milk.
Strain into a bowl, add Guasti
Sweet Port Flavoring; cool. When
the mixture begins to thicken fold
in stiffly beaten cream. Line a
mold with lady fingers and pour in
the mixture; chill. This is enough
for six servings.

When jelly will not thicken, put
a grated carrot in a clean piece of
cheesecloth and strain a few drops
into the jelly pan; then boil just a
few seconds longer. If jelly does
not harden when cold, put the
glass in a dripping pan half full
of cold water; then cook in the oven
till done.

When making coffee, always warm
coffee pot first; then sprinkle a lit-
tle salt on the coffee before pour-
ing on boiling water to greatly im-
prove the flavor. When coffee is
ready, pour a dash of cold water
down the spout to settle it.

MAN'S BODY

Second Gruesome Find of
Bel-Air Estate Employee
Corpse of Cripple

The career of Howard Rygard,
ranger employed by the Bel-Air
estate, seems to be filled unduly
with gruesome events and dis-
coveries. A few weeks ago he
discovered the body of Barbara
Mauger, for whose death Rus-
sel Beitzel is held responsible by
police and whose trial is now
pending in local courts.

Yesterday Rygard made an-
other discovery in the Sepul-
veda Canyon north of Beverly
Boulevard when he came upon
the desecrated remains of a man
who had died, police say, any
time from one to five years ago.

The man apparently had a
wooden right leg and an artifi-
cial arm, to which were at-
tached two hooks. Near by Capt.
Bean and Lieut. Condon of the
homicide squad of the detective
bureau found a razor, some
clothes and a cane. There were
no means of determining the
cause of the man's death.

The body was ordered buried
immediately and authorities
commenced a search of records
of missing persons in the hope
of identifying it.
